INSURANCE INFORMATION

As a courtesy to our patients, we will verify and file your insurance; however, we cannot guarantee payment. We strongly suggest that you read your policy manual as it pertains to physical therapy coverage. Many Insurance companies have stipulations, such as usual & customary fees (UCR), limited therapy sessions, limited reimbursable amounts per session, deductibles, co-payments, supplies, etc. Such stipulations should be indicated in your policy manual.

YOU ARE RESPONSIBLE FOR AMOUNTS NOT COVERED by your insurance. We have an agreement with YOU, not your insurance company, for receipt of payment. Please be aware of this and plan to make payments accordingly.

Worker's Compensation benefits will be verified; however, this does not guarantee payment. In the event of denial, this account will become YOUR RESPONSIBILITY.

Patient Cancellation & No-Show Policy

Your scheduled appointment is a specific time that your therapist will spend with you. We will attempt to be as flexible as possible with scheduling your appointments. Your therapist attempts to be respectful of your time by starting your treatment when it is scheduled. Please help us maintain this schedule by arriving on time. If you are unable to arrive on time for your appointment, please call and reschedule. If you are more than 15 minutes late for your scheduled appointment, we may need to reschedule your appointment.

Cancellation or failure to attend three consecutive appointments will result in termination of your therapy program. To restart your therapy you must return to your physician for a new prescription and obtain additional authorization from your insurance company.

IN THE EVENT THAT YOU ARE COVERED BY WORKER'S COMPENSATION and fail to keep the appointments as recommended by your physician, the appropriate parties will be notified of your absence in writing. Typically, the notification will be to your physician, insurance carrier, employer and rehabilitation consultant. Each cancelled and no/show appointment will also be noted in your chart. Please understand that failure to actively participate in your rehabilitation program may result in the impression that you are disinterested in your recovery and are better and able to return to work. Failure to attend therapy may have a negative effect on your workers' compensation coverage.

Thank you for your assistance.
